Business Profile

EXBO is a division of ATAS Software.
It focuses on the conference
industry.

Our main focus is:

Event
Websites

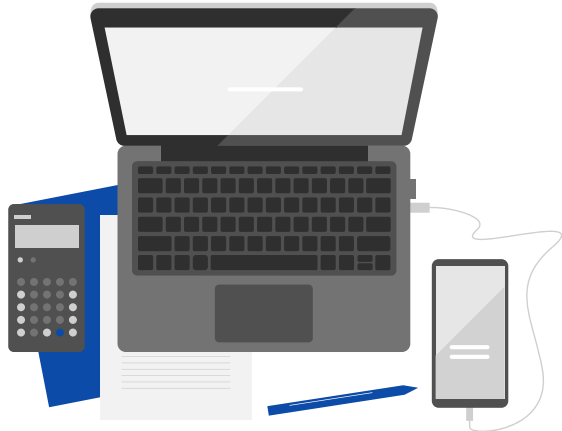

Abstract
Management

Delegate
Registration

Event Websites

(modern and mobile responsive)

EXBO offers you a well-priced, custom-designed website which serves as a vital information resource and communication tool, accessible to delegates at all times. And so mobile-friendly you probably won't need an app.

Abstract Management

(online submission and review)

Handling abstract management for an academic conference can be difficult and time-consuming!

Our system makes it so easy.

No need to worry about distributing papers, correlating scores, or trying to enforce standards – it's all taken care of... we can even create the Abstract Book at the press of a button.

Ask us about our **ePoster system** too!

Delegate Registration

(Eastern Cape only)

We can provide an on-site registration desk for your event. This includes equipment, software, staff, badges, lanyards, the works.

In most cases we also supply online registration, pre-event. But you are also welcome to use your own online supplier.

Need something else related to conferences? Ask us. We've probably got a solution. Or we know who does.

Our typical customers:

PCOs

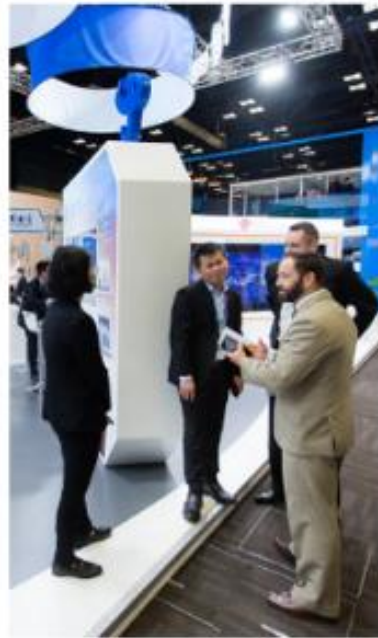

Organisers of medical,
academic and association
